EDUCATION

Bentley University

Candidate for Bachelor of Science, Finance

Minor: Computer Information Systems

Cumulative GPA: 3.7/4.0

Waltham, Massachusetts

May 2026

RELEVANT EXPERIENCE

RightCapital

Summer Analyst

Shelton, Connecticut

June 2025 – August 2025

- Built an Excel-based SDR capacity model for 36 reps tied to a 2,800-leads-per-SDR policy, incorporating deficit alerts and month selectors to guide leadership on reshuffle timing
- Automated quota-based lead redistribution using Excel VBA with round-robin logic, dry-run validation, and export integrity, reducing manual steps and assignment errors
- Developed a 90-day SDR performance dashboard with standardized KPIs, heatmaps, and leaderboards across all reps, shifting leadership focus from call volume to conversion efficiency

Wolf Run Capital

Acquisitions Analyst

Waltham, Massachusetts

February 2024 – September 2024

- Conducted market and financial due diligence on potential acquisition targets generating \$5–\$50MM in annual revenue, analyzing business models, growth drivers, and valuation multiples to assess strategic fit and deal feasibility
- Implemented screening frameworks that prioritized asset-light business models and recurring revenue streams across 15 potential targets, demonstrating proficiency in sustainable growth strategies
- Supported execution of a \$28MM sports industry acquisition by developing the CIM and valuation materials used to market the opportunity to strategic and financial buyers

Northwestern Mutual

Wealth Management Intern

Westport, Connecticut

June 2023 – August 2023

- Consolidated client data management processes, creating a centralized database that improved access and visibility; enhanced tracking of 200+ client interactions which increased overall engagement by 30%

ACTIVITIES

Bentley Investment Banking Club

General Member

Bentley University

September 2023 – September 2024

- Conducted in-depth analysis of financial statements, including income statements, balance sheets, and cash flow statements, to evaluate company financial health and performance
- Developed Discounted Cash Flow models to evaluate the intrinsic value of potential investments, demonstrating problem-solving and financial modeling expertise

Bentley Investment Group

Energy Sector General Member

Bentley University

September 2022 – September 2024

- Generated investment ideas for a \$1,000,000 student run, long-only equity fund and analyzed investments for the energy sector
- Analyzed industry trends and internal performance data to find 11 high-potential companies, resulting in actionable investment strategies

Delta Kappa Epsilon

Philanthropy Chairman

Waltham, Massachusetts

September 2023 – May 2025

- Led a 75-member chapter to raise over \$18,000 for Boston Children's Hospital, showcasing leadership and strategic fundraising
- Coordinated 80 hours of campus fundraising initiatives, utilizing social media and community networks to surpass our \$15,000 goal

SELECTED PROJECTS

Equity Research: Mondelez International

Equity Research and Valuation Course

Bentley University

January 2026 – Present

- Built a three-scenario DCF and comps analysis on MDLZ across five consumer staples peers; base case yielded a \$67 price target (16% upside), with thesis centered on cocoa hedge roll-off and non-chocolate portfolio mispricing
